MEMORANDUM FOR THE RECORD

SUBJECT: Tentative Schedule for Hearings on the
Intelligence Charter Legislation

Mr. Pat Norton, on the staff of the Senate Select Committee on Intelligence, provided the following information during a telephone discussion concerning the tentative schedule for hearings on charter legislation by Senator Huddleston's Charters and Guidelines Subcommittee:

- 4 April--remarks by SSCI members
--Clark Clifford
- 5 April--George Bush and William Colby (confirmed)
--John McCone (probable)
--Hank Knoche (maybe)
- 10 April--former State Department officials
(Dean Rusk, George Ball and others)
- 18 April--other Government officials such as Maxwell Taylor
and George Kennan
- 19 April--legal or "quasi-legal" personages to discuss the broad
international law aspects of intelligence (probably
such people as Morton Halperin and law professors)
- 25 April--Bill Miller apparently wants to have some witnesses
familiar with technology discuss technological aspects
of intelligence (this is very tentative at this point)
- April--the SSCI will look into testimony from former
intelligence officers (AFIO)

Early May--individual rights (ACLU, etc.)
--issues relating to the present

Mid-May to end of June--since the Congress is concerned and occupied
with appropriations matters during this period,
the charter hearings probably will be in
abeyance

End of June/Early July--begin taking testimony from present Government
officials (perhaps Admiral Turner toward the end
of July)
